Subject: RE: FINAL Letter to City Planning Dated August 31, 2016

Hello Yvonne,

Thanks for the notice.

I seem to remember that we don't need to provide a separate address for Alejandro because Planning will route the letter to him internally.

I wouldn't worry about attachments for Alejandro, since he would be able to access the WSA through our website, and I think he is already aware of this.

Thanks!

Earl,
Do you have a mailing address for Alejandro Huerta of City Planning Department?
He is copied on this letter… should his copy include the attachments?
