Ok, changes look good.

Thanks!

Jin,

No. Go to:

\\galaxy\Water Resources\Water Resources Development\Projects & Tasks\Water Supply Assessments\WSA - CURRENT TEMPLATE\Crossroads - Current Template - 2016 07 12

The entire package can be found inside this folder.

Please keep existing, but save-as a new document with current date and version.

Please make all changes in track changes mode for the record.

When you are done with changes, please let me know so I can tell others in group.

Thanks

Is this the current version?
Z:\Water Resources Development\Projects & Tasks\Water Supply Assessments\WSA Projects\Crossroads Hollywood Project\Board Package\Crossroads Hollywood WSA - 7-7-16 v1 (CLERICAL VERSION).docx

Jin,

Delon has some minor edits (attached).

I have reviewed and approve of them.

Please make edits to current (BAR) draft and save-as under new date and suffix.

Thanks!
