

INSTRUCTIONS:

MAILING PROCEDURES
Public Noticing, Mailing Contractor and Label Preparation

PUBLIC NOTICING REQUIREMENTS: For most projects a public hearing is required at which the applicant or other interested persons have the right to speak on the proposed project. Depending on the type of application, public notification requirements will vary (see Item 4); however, all applications for which a public hearing is conducted will require the mailing of a written notice and the posting of the notice on the property in question. Additionally, for projects requiring discretionary review, the decision maker will notify abutting property owners and interested parties that a decision has been made via the mailing of the determination letter regardless of whether a public hearing was required or not.

BTC: BTC is the Department of City Planning’s mailing contractor, and must be used for the mailing of the public hearing notice(s). BTC can also be utilized to post the hearing notice on the site as well as mail out determination letters. Applicants must pay BTC for the mailing of the hearing notice prior to case filing; additionally, if directed by City Planning staff, applicants must also pay BTC for the mailing of the determination letters. BTC offers two tiers of mailing service: preparing the labels from a list of addresses of 20 or less provided by the applicant, or accepting formatted labels prepared by the applicant and ready for mailing. Refer to the samples in Item 7 below for the required mailing label format.

3. BTC REQUIREMENTS

The items listed below must be submitted to BTC prior to case filing.

- i. One set of typed mailing labels addressed to current owners and occupants to be notified of the public hearing; or a list in the prescribed format for BTC to prepare the labels. Please note that property owner and project team information must be included in each ownership list, marked accordingly, and may not be handwritten.
- ii. An electronic Microsoft Excel spreadsheet of the ownership and occupants address list to be notified of the public hearing; or a list of owners and occupants in the prescribed format submitted to BTC on a flash drive, CD, or emailed to bettertc@aol.com prior to case filing. A template copy of the electronic spreadsheet file (in Microsoft Excel format) is available on the "Forms" section of the Planning Department Website at <http://planning.lacity.org/>. The file is backwards compatible with versions of Excel 2007 and earlier, as well as other spreadsheet applications including Google Doc and Apple Numbers.
- iii. One photocopy of the mailing list.
- iv. One photocopy of the Penalty of Perjury Statement.
- v. For Notifications to Abutting Properties: One photocopy of an 8½ x 11 reduced plot plan.
- vi. For Notifications to Properties within a Set Radius: One full size print of the Radius Map and one photocopy of an 8½ x 11 reduced Radius Map.

Please note that, at a minimum, in addition to BTC's requirements, a copy of the mailing list(s), one set of labels of abutting property owners (for decision letters), and a receipt from BTC must be submitted to City Planning at the time of filing.

4. NOTIFICATION RADIUS AND PARTIES TO BE NOTIFIED

At a minimum, the persons required to be notified will always include the Abutting Property Owners; depending on the action requested, notifying Abutting Occupants or Current Owners and Occupants of property within a radius of the site may also be required. To determine the applicable notification requirements, refer to the Zoning Code Section authorizing your request, the Findings/Specialized Requirements form for the specific action(s) being requested, or ask Planning staff for assistance.

a. Applicant Owned Property

If the applicant-owned property consists of more than one contiguous lot, then all the lots must be included and considered to be the subject property even if the request involves only a portion thereof.

b. Abutting Property Owners List

The abutting property owners list consists of adjoining properties, properties across the street or alley or having a common corner with the subject property. There must be a number on each label corresponding to a property on a Ownership Key Map.

c. Property Owners within a Set Radius

If the requested action requires notification beyond the abutting property an ownership list within that specified distance is required. In such cases, the required radius notification is most commonly 500 feet with a minimum of at least 20 different owners; however, there are some exceptions such as Coastal Development Permits and Site Plan Review. If you have questions regarding the prescribed radius, refer to the Zoning Code section which authorizes the requested action, the “Findings/ Specialized Requirements” form associated with your request or ask Planning staff for assistance. There must be a number on each label corresponding to the Radius Map (see the *Radius Map Requirements and Guidelines* for detailed instructions).

d. An individual mailing label for the Owner, Applicant, Representative and all other members of the Project Team must be included, in both the Abutting Property Owners Lists and the Property Owners within a Set Radius List, marked accordingly, and may not be handwritten.

e. Occupants List

A mailing list addressed to occupants of residential, commercial and industrial properties is also required for Site Plan Review, Coastal Development Permit, Design Review Board applications and all applications where the LAMC specified notification is to property owners/occupants within a 500-foot radius.

5. **SOURCE OF PROPERTY OWNERS INFORMATION**

An ownership address list can be obtained from map makers, the City Engineer, Mapping and Land Records Division or the County Assessor's Office. Obtaining the information from these sources may entail a turnaround time and a fee. Please note that this information must be obtained within 365 days of the public hearing date, and the applicant may be required to update the data prior to the public hearing.

6. **OFF-SITE SIGNS**

If an off-site sign (i.e. billboard) is located on the project site, the person, organization or company that has a legal interest in, owns or leases the sign must be notified of the public hearing; a mailing label is required to be included in the notification list for that entity. (Note: The LA Department of Building & Safety maintains an off-site sign list.)

7. **MAILING LABEL PREPARATION**

All mailing labels must be approximately 1” x 2-5/8” in size and on 8½” x 11” sheets of self-adhesive (peel and stick) paper. Labels which require cutting, moistening, etc. or large, oversized labels are not acceptable. All labels must be typed.
