

OPEN SPACE CHECKLIST

Administrative Clearance for Chapter 2.4 of the Cornfield Arroyo Seco Specific Plan

NOTE: This checklist is an attachment to the CASP Administrative Clearance Form (CP-3507).

RELATED ZONE CODE SECTIONS: Section 11.5.7 and 12.32 authorize Specific Plans. Ordinance 182,617 established the Cornfield Arroyo Seco (CASP). Refer to the sections in Chapter 2.4 - Open Space referenced below when completing this checklist.

	Drawing Sheet	Administrative Use Only
Section C – Area Requirements		
Indicate the drawing sheet that illustrates:		
1. The location and square footage of the open space area, total site area, the percentage of the open space area and demonstrates how the open space complies with any and all of the applicable standards in Chapter 2.4 Section C 1 3-7.	_____	<input type="checkbox"/>
2. How the open space area will be publicly accessible, if the property is City owned.	_____	<input type="checkbox"/>
3. The amount of open space being provided for every 16 square feet of residential space and for every 48 square feet of non-residential space located in the Urban Village, Urban Center and/or Urban Innovation Districts.	_____	<input type="checkbox"/>
4. If applicable, indicate on the TFAR Application and Allocation Plan the size and location of the open space.		<input type="checkbox"/>
5. If a project is utilizing any of its required common or publicly accessible open space for pending area indicate the drawing sheet that indicates how the project is meeting the Chapter 2.4 Section C 9 a,b standards.	_____	<input type="checkbox"/>
6. If a project is adding a public alleyway, paseo or street that is intended to qualify as publicly accessible open space, indicate the drawing sheet that illustrates the location, size and design of the public alleyways, paseo and/or street and the amount of publicly accessible open space they are intended to provide.	_____	<input type="checkbox"/>
Section F – Permitted Uses		
Indicate the drawing sheet that illustrates or describes the function(s) of any publicly accessible open spaces	_____	<input type="checkbox"/>
Section G – Access		
Indicate the drawing sheet that illustrates or describes:		
1. How the paths of travel conform to the standards of the Americans with Disabilities Act (ADA).	_____	<input type="checkbox"/>

	Drawing Sheet	Administrative Use Only
2. The elevation of any publicly accessible spaces relative to the adjacent street frontage.	_____	<input type="checkbox"/>
3. The visibility of any publicly accessible open spaces from adjoining streets or parks.	_____	<input type="checkbox"/>
4. The operational hours of any publicly accessible open spaces for a minimum of 10 hours per day or during all daylight hours, whichever is more.	_____	<input type="checkbox"/>
Section H – Dimensions and Boundaries		
Indicate the drawing sheet that illustrates the dimensions of any publicly accessible areas.	_____	<input type="checkbox"/>
Section I – Seating		
Indicate the drawing sheet that shows the location and design of all seating areas and the quantity of seating relative to the amount of common or publicly accessible open space.	_____	<input type="checkbox"/>
Section J – Landscape		
Indicate the drawing sheet that illustrates or describes:		
1. Plant Species. The location and percentage of the planted area that includes either horticulture or indigenous native trees, plants, and/or shrubs, and or species as defined by the LA County River Master Plan’s Landscaping Guidelines.	_____	<input type="checkbox"/>
2. Invasive Plants. The landscape demolition plan and identifies the location of and plan for removing all existing invasive plants and any other weedy plants as identified by the CAL-IPC.	_____	<input type="checkbox"/>
3. Trees: The number and location of planned or existing deciduous trees, the total amount of common or publicly accessible open space, the caliper of each tree, the expected canopy dimension of each tree at maturity, and the ground material within a 32 square foot area below each tree.	_____	<input type="checkbox"/>
4. Irrigation. The location of the weather-based irrigation controller and the design of the irrigation system.	_____	<input type="checkbox"/>
5. Hardscape and Materials. The location and Solar Reflectance Index of all hardscape materials as well as the elevations of all fence or vertical border sections.	_____	<input type="checkbox"/>
Section K – Operations and Maintenance		
If the project is providing publicly accessible open space, complete and attach the covenant agreement.		<input type="checkbox"/>

Section L – Specialty Design Requirements where applicable.

Indicate the drawing sheet that illustrates or describes:

- | | | |
|---|-------|--------------------------|
| 1. Community Gardens. The location of the fencing, watering system and storage space, indicates how the garden will have solar access during the summer months from at least 10am-2pm, and identifies the parties responsible for maintaining the garden’s operation. | _____ | <input type="checkbox"/> |
| 2. Park Recreational Areas. The location and design of park and recreational areas. | _____ | <input type="checkbox"/> |
| 3. Paseos. The width, length, and site lines of the paseo, the percentage of the paseo open to the sky or covered with a transparent material. | _____ | <input type="checkbox"/> |
| 4. Off-Leash Dog Park. The location of the dog park, describes the maintenance plan and identifies the parties responsible for maintain the dog park. | _____ | <input type="checkbox"/> |

Section M – River Design Standards

- | | | |
|--|-------|--------------------------|
| 1. If the project faces a street that crosses the River or terminates at the River or a River frontage road and has, or proposes to have, a fence visible from the street then indicate the drawing sheet that illustrates how the fence is designed to be consistent with the Los Angeles County Master Landscape Guidelines. | _____ | <input type="checkbox"/> |
| 2. If the project is located adjacent to the River or Arroyo Seco then indicate the drawing sheets that illustrate or describe: | | |
| a. Landscape Buffers. The 10 foot landscape buffer. | _____ | <input type="checkbox"/> |
| b. Fence. How the fence design is consistent with the LA County River Master Plans Landscape Guidelines. | _____ | <input type="checkbox"/> |
| c. Fence Height. The location and height of the fence. | _____ | <input type="checkbox"/> |
| d. Gates. The height and design of any gate within 10 feet of the river and/or arroyo. | _____ | <input type="checkbox"/> |
| e. Noise. The noise-attenuating features, signed by a licensed acoustical engineer, to ensure that operational sounds do not exceed 5dba above the existing measured or presumed ambient levels of the property lines of properties on the opposite bank if the project requires a conditional use permit for the sale or dispensing of alcoholic beverages. | _____ | <input type="checkbox"/> |
| f. River Access. The design and location of the river access gates. | _____ | <input type="checkbox"/> |
| g. G. Riverfront Door. The design of the Riverfront Door visible to, and accessible from, the river or river frontage road. | _____ | <input type="checkbox"/> |
