PROJECT LOCATION: 15191 West Bledsoe Street

PROPOSED PROJECT: A Preliminary Parcel Map to split one legal parcel into two legal parcels. The site is currently developed with one commercial building and one warehouse that will be preserved as part of the project. There will be no new construction as part of the project.

REQUESTED ACTION: The Deputy Advisory Agency will consider:

1. Pursuant to the Los Angeles Municipal Code Section 17.53, the subdivision of one parcel into two (2) parcels in the M2-1 Zone; and
2. Pursuant to Section 21084 of the California Public Resources Code, the above referenced project has been determined not to have a significant effect on the environment and which shall, therefore, be exempt from the provisions of CEQA. On May 2, 2016, a Categorical Exemption, Class 15 for Minor Land Divisions (Parcel Maps), was issued for the project.

The purpose of the hearing is to obtain testimony from affected and/or interested persons regarding this project. The environmental document will be among the matters considered at the hearing. The decision maker will consider all the testimony presented at the hearing, written communication received prior to or at the hearing, and the merits of the project as it relates to existing environmental and land use regulations.

EXHAUSTION OF ADMINISTRATIVE REMEDIES: If you challenge a City action in court, you may be limited to raising only those issues you or someone else raised at the public hearing described in this notice, or in written correspondence on these matters delivered to the Department before the action on this matter will become a part of the administrative record. Note: This may not be the last hearing on this matter.
