Council District: 11 - Bonin

PUBLIC HEARING: Completed October 6, 2016

PROJECT SITE: East Campus – 100 South Barrington Place
West Campus – 12001 West Sunset Boulevard

PROPOSED PROJECT:

Brentwood School, the Project Applicant, is proposing to the Brentwood School Education Master Plan. Brentwood School is an independent K-12 coed day school with 995 students and facilities on two separate campuses located approximately one-half mile apart in the Brentwood-Pacific Palisades Community of the City of Los Angeles. The East campus, located at 100 S. Barrington Place, is approximately 7.5 acres in size and contains existing facilities currently used for grades 7-12. Portions of the East Campus occupy land owned by the West Los Angeles Veterans Administration. The West Campus, located at 12001 Sunset Boulevard, is approximately 3.5 acres in size, and contains existing facilities currently used for grades K-6.

On the East Campus, the Project would include three new buildings, two replacement buildings, and renovation and expansion of two buildings. These improvements would allow the 6th grade to be relocated from the West Campus to the East Campus in support of the expanded middle school program. Two existing buildings would be removed to accommodate new or replacement facilities. In addition, existing buildings would be renovated from time to time as needed, without any increase in floor area. These improvements would result in the removal of approximately 43,660 square feet of existing floor area and construction of approximately 287,960 square feet of new building floor area, resulting in a net addition of approximately 244,300 square-feet. The resulting floor area ratio (FAR) on the East Campus would be approximately 1.2 to 1, which is below the 3.0 to 1 FAR permitted under the current zoning. In addition, vehicular circulation, parking, pedestrian circulation, and athletic and open space areas would be modified to accommodate the new buildings and improve access, circulation, parking, and athletic and open space areas. The Project would add 108 net new parking spaces on the East Campus within two ground floor garages located under new buildings.

On the West Campus, the Project would include two new buildings and one replacement building. Seven existing buildings would be removed to accommodate new or replacement facilities. In addition, existing buildings would be renovated from time to time as needed, without any increase in floor area or height. The improvements would result in the removal of approximately 28,881 square feet of building floor area and construction of approximately 61,000 square feet of new building floor area, resulting in a net addition of approximately 32,119 square-feet. The resulting FAR on the West Campus would be approximately 0.48 to 1, which is below the 3.0 to 1 FAR permitted under the current zoning. In addition, vehicular circulation, parking, pedestrian circulation, and athletic and open space areas would be modified to accommodate the new buildings and improve access, circulation, parking, and athletic and open space areas. The Project would add 28 net new parking spaces within two subterranean garages located below two of the Project's new buildings. A haul route for the East and West Campus is also requested.

REQUESTED ACTIONS:

1. Pursuant to Section 21082.1 (c)(3) of the California Public Resources Code, Certification of an Environmental Impact Report (EIR) (ENV-2014-572-EIR; SCH No. 2014061059) for the above-referenced Project. Adoption of the proposed Mitigation Monitoring Program and the required Findings for the adoption of the EIR. Adoption of a Statement of Overriding Considerations setting forth the reasons and benefits of adopting the EIR with full knowledge that significant impacts may remain;
2. Pursuant to Section 12.24 T of the Municipal Code, Vesting Conditional Use Permit for both the East and West Campuses to allow a private school in the RE zone;
3. Pursuant to 12.24 F of the Municipal Code, a Determination to permit the following area and height modifications:
East Campus:

- a. Modification from LAMC Section 12.07 C to allow a front yard setback of 0 feet in lieu of the 20 percent of the lot depth up to a maximum of 25 feet;
 - b. Modification from LAMC Section 12.07 C to allow a side yard setback for the south side yard of 0 feet in lieu of the 7 foot minimum;
 - c. Modification from LAMC Section 12.07 C to allow a rear yard setback of 0 feet in lieu of the 25 percent of the lot depth up to a maximum of 25 feet; and
 - d. Modification from LAMC Section 12.21.1 height regulations to permit the maximum height of up to 80 feet in lieu of a limit of 36 feet as would otherwise be required;
- West Campus:
 - e. Modification from LAMC Section 12.21.C. 10, to allow a maximum height up to 54 feet in lieu of a limit of 36 feet as would otherwise be required;
4. Pursuant to Section 12.24 X 28 of the Municipal Code, a Zoning Administrator's Determination to exceed the limitations of the Baseline Hillside Ordinance pursuant to Section 12.21 C.1 O(f)(2)(iii) and 12.21 C.1 O(f)(3)(i), to permit 5,000 cubic yards of grading and export in connection with the construction of two buildings on the West Campus;
5. Pursuant to Section 12.28 of the Municipal Code, a Zoning Administrator Adjustment to provide relief from LAMC Section 12.22 C.20(f) and permit protective sports netting along the perimeter of the East Campus along Sunset Boulevard at a permanent height of 20 feet and up to a height of 50 feet during football season, in lieu of the eight feet otherwise permitted.
6. Pursuant to Section 12.24 W 51 of the Municipal Code, Conditional Use Permit to permit a child care facility in the West Campus.
7. Pursuant to Section 16.05 of the Municipal Code, Site Plan Review to permit an increase 50,000 square feet for construction of non-residential floor area for the East Campus.
