**NOTICE OF COMPLETION
ENVIRONMENTAL IMPACT REPORT**

CASE NO.: ENV-2004-6269-EIR

PROJECT NAME: 10131 Constellation Boulevard

PROJECT LOCATION/ADDRESS: 10131 Constellation Boulevard

COMMUNITY PLANNING AREA: West Los Angeles /Century City North Specific Plan

COUNCIL DISTRICT: 5

DUE DATE FOR PUBLIC COMMENTS: December 19, 2005

SITE LOCATION: The Project site is located at the northeast corner of Avenue of the Stars and Constellation Boulevard, within the Century City area of the City of Los Angeles. The address of the Project site is 10131 Constellation Boulevard. Major streets to the north and south of the site include Santa Monica and Olympic Boulevards, respectively. Santa Monica Boulevard currently consists of Little Santa Monica and Santa Monica Boulevards, which are currently in the process of being reconstructed and merged into a single street with a landscaped median. The Project site is located within the West Los Angeles Community Plan area as well as within the Century City North Specific Plan area.

PROJECT DESCRIPTION: The Project proposes to develop a total of 483 condominium units in three separate buildings. Two 47-story towers would each contain 194 units and would reach a height of approximately 570 feet above grade. The third building, a 12-story loft building would contain 95 units and would reach a height of approximately 135 feet above grade. A one-story recreational facility centered around a swimming pool would serve to connect the two towers. The Project would include at least 1.7 acres of open space, including a landscaped plaza at the northeast corner of Avenue of the Stars and Constellation Boulevard. The total proposed floor area is approximately 1,292,358 square feet and a total of 1,208 parking spaces would be provided. The Project is located on a 5.5-acre site in the C2-2-O zone. Approximately 35,000 square feet of existing structures and associated parking would be demolished to allow for the proposed new construction. Project implementation would require various approvals, including but not limited to, a Project Permit (pursuant to Century City North Specific Plan), a Vesting Tentative Tract Map and Site Plan Review findings, revision of an existing access covenant and agreement with the City, and Haul Route approval.
