EIR

SUN VALLEY COMMUNITY PLAN AREA

Bradley Landfill and Recycling Center Transition Master Plan

Case No. ENV-2001-3267-EIR

Council District No. 6

**THIS DOCUMENT COMPRISES THE DRAFT EIR ANALYSIS AS REQUIRED UNDER THE
CALIFORNIA ENVIRONMENTAL QUALITY ACT**

Project Address: 9227 Tujunga Avenue

Project Description: This EIR evaluates the applicant's proposed transitional activities associated with the change from on-site landfilling to use of the site as a Transfer Station and Materials Recycling Facility (TS/MRF). The plan consists of two phases, which include proposed activities on both Bradley West/West Extension and Bradley East. Phase I of the Proposed Project would include the following components: transitional 43 foot vertical expansion of the existing landfill; construction of the new TS/MRF; expansion of existing green and wood waste processing operation and transitional expansion of existing MRF operation. Phase II of the Proposed Project would involve conversion of the existing landfill operation to the proposed TS/MRF operation; closure of the existing landfill, including installation of final cover; and continued operation of the expanded green and wood waste processing facility that began in Phase I.

APPLICANT:

Waste Management Recycling & Disposal Services of California, Inc.
