Hello Kevin thank you I will include your comments in the staff report.

I will put you on the interested parties list if you will share your mailing address with me (so I can mail you the report).

To answer your question, Target did receive City Approvals for the project, but the project was litigated and lost in court. That is why construction was halted.

Hi Blake,

I am a resident of Hollywood, but unable to attend tomorrow's hearing.

I support the building of this store & hope it is on the caliber of the West Hollywood Gateway store.

One question though.....how did a project of this magnitude not have the appropriate permits or receive the guidance needed to build this store?

I look forward to hearing from you. And please let me know the outcome from the meeting & the future of this property.

Thank you for your time.

Hi Blake,

We are handling it. Not much to report, however.

Alejandro: can you reach out to the gentleman below and give him a status update on Crossroads? I believe we haven't even received much of the first draft of the EIR, correct?

Thank you,
Luci
