Alejandro,

Thank you for taking the time to speak with me regarding the Hollywood Community Plan as well as the ELDP for Crossroads Hollywood. Regarding the Hollywood Community Plan, WESD/LA Sanitation performed an analysis in May 2011 and June 2016 to address the 'request for existing sewer structural conditions'. We have re-performed our usual analysis, however the request seems a little vague as to what is needed. We are happy to provide any information that is asked, however there are quite a few sewers in the boundary of what is the Hollywood Community Plan area. Because of this we need a bit of clarification as to what we need to provide in our response. If you could direct me to the appropriate planner for more information it would greatly assist us in this project.

Again, thank you for your help earlier.

Regards,

Chris

ps, do you and Karen Hoo have the same supervisor? I would like to send your supervisor(s) an email to express my appreciation. Thanks!
