Delon,

No, this package is ready for your review.

Thanks!

Are there any further edits to the board package or template you're still working on in parallel with Tina's review?

After review and edits, package was sent to Legal in both hardcopy (with signable Reso – 2 copies) and electronically (accept all changes; leave legal comments).

Here is link for your review of our version (keeping all changes to date):

Since city attorney only needs to sign reso, suggest you get the board letter and reso updated, and include latest updates to the WSA document (cleaned up), and get package to the city attorney to start reviewing, at same time, you can continue to final the remaining updates to the WSA.

I'm not sure how much more time you need to get the template updated, otherwise, processing of this WSA is getting further delayed.

Let me know what you think.
