Dear Mr. Huerta,

As a resident of Hollywood whose 3-year-old attends preschool in Hollywood and whose husband works at Amoeba Music few blocks away, I am writing to oppose the Crossroads Hollywood Project. This project upsets Hollywood residents on every level. There is not enough parking being proposed, the gridlock created will make a terrible traffic situation unbearable, and 22 new liquor licenses will create extreme problems for neighboring schools and residents. To top it all off, one of the most beautiful extant historic sites in Hollywood will be ruined. This does nothing for the community, it only causes disruption and destroys the fabric of a neighborhood. Thank you for your time.

Sincerely,  
Aretha Sills
