My name is Dr. Josh Albrektson. I currently live in CD and I am writing a letter of support for the Crossroads Hollywood project.

Twice in my life I have lived near this project. I lived on Whitley north of Hollywood for 1.5 years and then I lived at Fuller and Hollywood. I am very very familiar with the area. When I lived at these places, I would not travel below Hollywood Blvd in the area that the Crossroads was proposed. There wasn't much to do there, and in my 3 years that was the one place where I had a prostitute proposition me for favors in exchange for blow if I happened to have some blow on me.

I am strongly in favor of this project. It will provide much needed housing close to a subway stop and rejuvenate an area that needs it. There are very few places in Los Angeles that is close to a subway stop and walking distance to jobs. This is exactly where we should be building in order to try and solve the housing crisis.

Thanks for your time.
