Dear Mr Huerta -

As a Hollywood resident, I ask you to do everything you can to see that this "Crossroads Project" deal does NOT go through.

It would benefit somebody I'm sure, but not the citizens of Hollywood area.

And the tourists are disappointed enough as it is.

Such a history-demolishing, ill-conceived mess would only make traffic, parking, density, public drunkenness, drug use, crime - and everything - worse.

Thank you for your kind attention to this dispiriting matter.

- Will Ryan

P.S. "22 new alcohol permits within two blocks of three schools"? Really?
