The Hollywood Center

Dear Ms. Nguyen,

I have commented before, but I would like to state my ongoing objection to the Hollywood Center towers (aka The Millennium). They are way out of scale with our neighborhood, and would lead to the further “downtown-isation” of Hollywood. I am concerned about the increase in traffic getting on and off the Hollywood freeway, and of course the insanity of building huge skyscrapers on an earthquake fault.

There is a lot of money to be made for the developers and the politicians they contribute to as well as for construction workers. But after construction is completed, we the residents will have to live with a huge blot on our landscape every day.

Please stop this project. I look forward to your response.
