Comment No. 04-1

The Planning Department has released the draft Environmental Impact Report (EIR) for the proposed Millennium Project at 1750 Vine Street, which commenced a 45 day public comment period:

The proposed project is large in scale and includes what could be one of the tallest buildings in all of Hollywood.

As I'm sure you are aware, the proposed project has generated controversy among my constituents.

Accordingly, I request that the public comment period be extended to 60 days to increase the public's opportunity to comment on the draft EIR.
