**NOTICE OF PREPARATION AND PUBLIC SCOPING MEETING
ENVIRONMENTAL IMPACT REPORT**

CASE NO.: ENV-2007-1060-EIR

PROJECT NAME: Forest Lawn Memorial-Park—Hollywood Hills Master Plan

PROJECT LOCATION/ADDRESS: 6300 Forest Lawn Drive, Los Angeles, CA 90068

COMMUNITY PLANNING AREA: Hollywood

COUNCIL DISTRICT: 4

DUE DATE FOR PUBLIC COMMENTS: December 15, 2008

The City of Los Angeles, Department of City Planning, will be the Lead Agency and will require the preparation of an environmental impact report (“EIR”) for the project identified herein (the “Project”). The Department of City Planning requests your comments as to the scope and content of the EIR.

The Project Description, location, and the potential environmental effects are set forth below. The environmental file is available for review at the Department of City Planning, 200 North Spring Street, Room 750, Los Angeles, CA 90012.

PROJECT DESCRIPTION: The Project Applicant, Forest Lawn Memorial-Park Association, proposes a long-term Master Plan for its Hollywood Hills property to continue its current range of cemetery-related uses. The Project seeks approval to construct approximately 22,500 square feet of floor area for new structures (including such structures as a new church and reception-related uses, administrative space, and a crematory), approximately 1,000,000 square feet of non-occupied floor area (for such uses as burial garden structures, wall crypts and columbaria), and approximately 200,000 new interment sites. It is estimated that over a 5-year construction period (by year 2015), approximately 3.3 million cubic yards of earth would be graded. Net export during grading will be approximately 720,000 cubic yards. In addition, up to 400,000 cubic yards of dirt will be exported in connection with grave preparation from 2010 to 2050. It is estimated that construction of the new structures would occur over an approximately 40-year

period from 2010 to 2050. The sale of interment sites is expected to occur through year 2050 and beyond.

In order to provide for these future needs, Forest Lawn seeks a Public Benefits approval, Development Agreement, Site Plan Review findings, grading and stockpiling permits, haul route approval, and related land use and building permits as required for the Project and any additional actions that may be determined necessary. (Forest Lawn will also request a Protected Trees Removal permit through the Department of Public Works.) In addition, regulatory permits from the Department of Fish and Game, Regional Water Quality Resources Board and Army Corps of Engineers will be required.

ENVIRONMENTAL FACTORS POTENTIALLY AFFECTED: Aesthetics, Air Quality, Biological Resources, Cultural Resources, Geology/Soils, Hazards & Hazardous Materials, Hydrology/Water Quality, Land Use/Planning, Noise, Public Services (Fire), Transportation/Traffic, and Public Utilities/Service Systems.

PUBLIC SCOPING MEETING: The location, date and time of the public scoping meeting are as follows:

Date: November 19, 2008
Time: 6:00 P.M. through 8:00 P.M.
Location: Junior Achievement of Southern California
6250 Forest Lawn Drive
Los Angeles, CA 90068

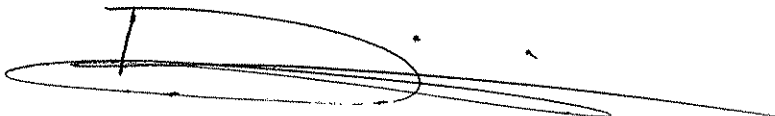

On November 19, 2008, arrive anytime between 6:30 P.M. to 8:30 P.M. at Junior Achievement of Southern California to talk one-on-one with consultants regarding the proposed project. The purpose of the scoping meeting is to solicit public comments regarding issues to be addressed in the Draft EIR. The scoping meeting will provide information regarding the proposed project and the anticipated scope of analyses to be contained in the Draft EIR. The Department of City Planning encourages all interested individuals and organizations to attend this meeting

The enclosed materials reflect the scope of the proposed project, which is located in an area of interest to you and/or the organization you represent. The Environmental Review Section of the Department of City Planning welcomes all comments regarding potential environmental impacts of the proposed project. All comments will be considered in the preparation of the Draft EIR. **Written comments** must be submitted to this office by **December 15, 2008**. Written comments will also be accepted at the public scoping meeting described above.
