**HISPANIC OR LATINO and mixed race categories.**  
 RACE-For the first time, since the year 2000 Census of Population and Housing permitted persons to check more than one category to define their race. The selection of categories and the option to choose more than one is strictly a matter of personal choice and personal preference. The choices are: White, Black or African American, American Indian and Alaska Native, Asian, Native Hawaiian and Pacific Islander, Some Other Race, and Two or More Races.  
 ETHNICITY- As in the two previous censuses, persons are also further self defined as being HISPANIC OR LATINO or NOT HISPANIC OR LATINO. It is important to note that this is a separate ETHNIC grouping as opposed to the RACIAL categories listed above.  
 \*Represents 2010 Decennial Census.

Information included in this report comes from the 2016-2020 American Community Survey (ACS) 5-year estimates. The ACS produces period estimates of socioeconomic and housing characteristics. It is designed to provide estimates that describe the average characteristics of an area over a specific time period. For example, the 2010-2014 ACS 5-year estimates describe the population and housing characteristics of an area for the period January 1, 2010 through December 31, 2014. The land area data is for internal reference only.
