ORDINANCE NO. 163203

A Specific Plan Ordinance establishing development standards for multiple-family residential buildings in specified portions of the Westwood Community Plan Area.

NOW THEREFORE,

THE PEOPLE OF THE CITY OF LOS ANGELES DO ORDAIN AS FOLLOWS:

Section 1. PURPOSES.
The purposes of this Specific Plan are as follows:

A. To assure that the development of the area is in accordance with the provisions of the Westwood Community Plan;

B. To enhance the future development of the area by establishing coordinated and comprehensible standards for parking, height, design, building massing, open space and landscaping for new projects in the area;

C. To promote orderly, attractive and harmonious multiple-family residential development in the Westwood community which takes into consideration
the architectural character and
environmental setting of the community;

D. To enhance the aesthetic
qualities of multiple-family residential
development so that it is more harmonious
with adjacent single-family
neighborhoods; and

E. To adequately buffer
single-family residential uses from
adjacent multiple-family residential
development to the greatest extent
feasible.

Sec. 2. ESTABLISHMENT OF SPECIFIC PLAN.
The City Council hereby establishes the
Westwood Community Development Standards
Specific Plan for new multiple-family
residential buildings in the R2, RD, R3, R4,
and R5 Zones in those portions of the Westwood
Community Plan Area shown within the heavy
black lines on the maps in Figures 1 through 7.

The Wilshire Westwood Scenic Corridor
Specific Plan area and North Westwood Village
Specific Plan area are exempt from the
provisions of this Ordinance.

Sec. 3. RELATIONSHIP TO OTHER PROVISIONS OF THE MUNICIPAL CODE.

A. The regulations of this Specific Plan are in addition to those set forth in the planning and zoning provisions of Chapter I of the Los Angeles Municipal Code and any other ordinance and do not convey any rights not otherwise granted under the provisions and procedures contained in that Chapter, except as specifically provided herein.

E. Wherever this Specific Plan contains provisions which differ from provisions contained in Chapter I of the Los Angeles Municipal Code, the Specific Plan shall prevail and supersede the applicable provisions of that Code.

C. The procedures for the granting of exceptions to the requirements of this Specific Plan are set forth in Section 11.5.7 D of the Los Angeles Municipal Code. An application for an exception from this Specific Plan pursuant to Section 11.5.7 D of the Los Angeles Municipal Code does not require any additional application pursuant to the provisions of Sections 12.24 B of the Los Angeles Municipal Code.
Sec. 4. DEFINITIONS.

The following words, whenever used in this ordinance, shall be construed as defined in this Section. Words and phrases not defined herein shall be construed as defined in Section 12.03 of the Los Angeles Municipal Code, if defined therein.

OPEN SPACE - An area open from the ground to the sky, which is free of buildings, structures, storage areas, surface parking for automobiles or trucks, or other improvements, but may include walkways or outdoor recreational areas (i.e., swimming pools, barbeque and picnic areas, areas devoted to sports, games and hobbies, fountains, ponds, benches and other similar amenities).

Allowable projections as specified in Section 12.22 C 20 of the Los Angeles Municipal Code are permitted.

PROJECT - The erection, construction of or addition to any residential building or structure, or the alteration of any such buildings or structure which increases the height, floor area, number of dwelling units or number of guest rooms.
SUBTERRANEAN GARAGE - A garage for the parking of automobiles and other vehicles beneath a building and designed such that the ceiling of the uppermost parking level will not extend above the adjacent existing natural grade.

Sec. 5. LAND USE REGULATIONS.

A. BUILDING HEIGHT - Projects which immediately abut an R1 or more restrictive zone shall meet the following height restrictions:

1. If the average height of the single-family houses within 100 feet of the subject property is between 34 and 45 feet, the building height shall be limited to a maximum of 45 feet in height.

2. If the average height of the single-family houses within 100 feet of the subject property is less than 34 feet, the building height shall be limited to a maximum of 33 feet in height.

3. EXCEPTION - When the highest existing elevation of the land of the abutting property in the R1 Zone or a more restrictive zone exceeds the lowest grade of a multiple-dwelling zoned
property by more than five feet, a
building or structure on the
multiple-dwelling zoned property may
exceed the height specified in paragraphs
1 and 2 by the number of feet represented
by the difference between such grade and
elevation. However, at no point shall
the roof of the multiple-family structure
exceed a height of 45 feet as measured
from the grade immediately adjacent
thereto, and no portion of the structure
shall exceed 33 feet above the lowest
point of the property line contiguous to
the R1 or more restrictive zone.

B. PARKING STANDARDS - No building or
structure shall be erected or enlarged unless
the following parking spaces are provided and
maintained:

1. At least 2 1/4 parking spaces
for each dwelling unit containing four
habitable rooms or less. One additional
parking space shall be provided for
dwelling units with more than four
habitable rooms.

. . . .

. . . .

. . . .

- 13 -
2. At least 1 1/4 parking spaces for each guest room or efficiency dwelling unit.

3. Of the parking spaces required, guest parking shall be provided at a ratio of 1/4 space for every dwelling unit, guest room, or efficiency dwelling unit. Guest parking shall be clearly identified.

Sec. 6. DESIGN STANDARDS.

A. OPEN SPACE.

1. Projects in the zones specified below shall provide the minimum amount of open space per dwelling unit, as follows:

<table>
<thead>
<tr>
<th>ZONE</th>
<th>OPEN SPACE PER DWELLING UNIT</th>
</tr>
</thead>
<tbody>
<tr>
<td>R5</td>
<td>50 square feet</td>
</tr>
<tr>
<td>R4</td>
<td>100 square feet</td>
</tr>
<tr>
<td>R3</td>
<td>200 square feet</td>
</tr>
<tr>
<td>R2, RD</td>
<td>350 square feet</td>
</tr>
</tbody>
</table>

2. A minimum of 50 square feet of open space shall be provided for each guest room.

3. The required open space area shall be on the ground level, except that one fourth of the required space may be located above the ground level. A
minimum of 50 percent of the open space must be landscaped.

4. Projects with stories above the first habitable level, which are set back at least 10 feet in depth from the level immediately below it, may include these setback areas toward the open space requirement, provided 40 percent of such setback area is landscaped.

5. Paved areas shall consist of the following materials: stamped concrete, tile and/or brick pavers.

6. Required yard areas shall not be included as part of the required open space area, except that 50 percent of the front and/or rear yards may be included as a portion of the required open space area, provided such yard area is landscaped.

B. WALKWAYS.

1. Any project which is built on one or more lots with a width of 150 feet or more, shall have a walkway which is a minimum of 10 feet in width for every 50 feet of lot width. Required walkway areas may be combined.
2. At a minimum, walkways shall extend from the front property line for 50 feet or to the midpoint of the lot, whichever is less. The paved portions of walkways shall not exceed 40 percent and the remaining area must be landscaped. Paved areas shall consist of the following materials: stamped concrete, tile and/or brick pavers.

3. Walkway areas may be included as part of the open space requirements except for that portion which is within a required side yard.

C. BUILDING SETBACKS.

Multi-story projects which are directly across the street and within 200 feet of an R1 or more restrictive zone, shall provide additional setback areas on the front elevation of the property. Setback requirements shall be as follows:

1. All levels above the first habitable level shall be set back a minimum of ten feet from the level immediately below it.

2. Forty percent of the setback areas must be landscaped.
3. Projects which are directly across the street and within 200 feet of the University of California at Los Angeles campus are exempt from the requirements set forth in this Subsection.

4. The setbacks set forth in this subsection are not required if the height of the building or structure as defined in Section 12.30 of the Los Angeles Municipal Code is 33 feet or less.

D. GARAGE.

Only one level of a parking garage shall be permitted above the natural existing grade, up to a maximum of seven feet in height, measured to the floor elevation of the level immediately above the parking garage. All other levels of parking must be in a subterranean garage. Any portion of the parking garage above grade shall be mechanically ventilated and enclosed except for the driveway.

E. YARD REQUIREMENTS.

1. A minimum of 50 percent of each of the required front, rear and side yards shall be landscaped.

2. Projects which immediately abut an R1 or more restrictive zone on the rear property line shall have a rear yard of at
least 20 feet in depth.

3. Projects which immediately abut an R1 or more restrictive zone on the side property line shall have a side yard of at least 10 feet in width.

F. BUFFER.

Projects which immediately abut an R1 or more restrictive zone shall have and maintain an 8-foot-high split-face decorative masonry wall. The wall shall have a top cap and have the split face facing the single-family residence. For every 4 linear feet of wall, one 15 gallon tree shall be planted at the edge of the wall.

G. SCREENING.

Any structure on the roof, such as air conditioning units, antennae, and other equipment, except solar panels, shall be fully screened from view from any adjacent properties, as seen from the grade.

Sec. 7. LANDSCAPE STANDARDS.

A. GENERAL REQUIREMENTS - All projects shall incorporate landscaping in conformance with the following requirements:

1. A landscape plan prepared by a licensed architect or landscape architect shall be submitted to the Westwood
Community Design Review Board for review and approval.

2. Landscape plans shall include the approximate size at maturity and location of all proposed plant materials, the scientific and common names of such plants materials, the proposed irrigation plan and the estimated planting schedule. The plan shall identify the length of time in which plant maturity will be attained.

3. Use of artificial plants for exterior landscaping shall be prohibited.

4. Landscaped areas shall be planted with a variety of plant materials which include shrubs, trees, ground cover, lawn, planter boxes or flowers.

B. STREET TREES.

1. Street trees shall be approved by the Street Tree Division of the Bureau of Street Maintenance and shall be planted at a minimum ratio of one for every 30 lineal feet of street frontage abutting the project.

2. Street trees shall be at least 12 feet in height and not less than three inches in caliper at the time of planting.
Sec. 8. DESIGN REVIEW STANDARDS.

No building permit shall be issued for any project unless site plans, elevations and/or other graphic representation of said development have been reviewed and approved by the Director of Planning acting on recommendation of the Westwood Community Design Review Board.
Sec: 9. The City Clerk shall certify to the passage of this ordinance and cause the same to be published in some daily newspaper printed and published in the City of Los Angeles.

I hereby certify that the foregoing ordinance was passed by the Council of the City of Los Angeles, at its meeting on JAN 26 1988.
