STREETS & OPEN SPACE

Downtown’s mobility network supports a broad range of places and activities Downtown. Safe and convenient access is provided throughout Downtown’s districts for all users. Downtown’s circulation system supports and reinforces land use policies and connects people to jobs, homes, services, and amenities. Walking, cycling, and transit are the primary ways of getting around Downtown, helping to make Downtown a sustainable community. An efficient goods movement network supports economic activity Downtown.

DRAFT CIRCULATION MAP

The Downtown Circulation Map defines the proposed location and classification of streets. Updating this as part of the Downtown Community Plan provides the opportunity to implement the City’s high-level mobility priorities on a localized scale. Specifically, the proposed Circulation map and land use recommendations can better complement one another to create a safe and accessible circulation system, regardless of age, ability, or transportation mode.
