

ARTICLE 1.
**INTRODUCTORY
PROVISIONS**

PREFACE

This Chapter 1A of the Los Angeles Municipal Code serves as the new Zoning Code, a comprehensive update of the City's zoning system. The new Zoning Code will be applied incrementally on a geographic basis through the update of the City's community plans. In drafting the revised plans, the new zoning tools provided in this Chapter 1A will be applied to properties within each community plan area.

Eventually, Chapter 1A will supercede and serve as the only Zoning Code for Los Angeles. However in the interim, until all the community plans have been updated and properties remapped using the new zoning system, properties in community plan areas not yet updated will be regulated by the provisions of the Zoning Code found in existing LAMC Chapter 1 . Only when the entire City has been rezoned using the new zoning in this Chapter 1A will LAMC Chapter 1 be removed from the Los Angeles Municipal Code.

SEC. 1.3.2. APPLICATION OF THIS CHAPTER

A. Territorial Application

1. This Chapter refers only to the omission or commission of acts within the territorial limits of the City and that territory outside of this City over which the City has jurisdiction or control by virtue of the Constitution, Charter or any law, or by reason of ownership or control of property.
2. *Article 13. (Administration)* applies to all land use and development in the City, including those areas in which *LAMC Chapter 1. (General Provisions and Zoning)* is still in effect. The remainder of this Chapter applies to development with zone designations set out in this Chapter, and does not include those areas in which *LAMC Chapter 1. (General Provisions and Zoning)* is still in effect.
3. *LAMC Chapter 1. (General Provisions and Zoning)* does not apply to those areas in which this Chapter is applicable, unless expressly stated in this Chapter.

B. Required Conformance

1. All buildings, structures, or land, in whole or in part, shall be used or occupied in conformance with this Chapter.
2. Any Project Activity, as outlined in *Sec. 14.1.17. (Project Activities)*, in whole or in part, shall be done so in conformance with this Chapter.
3. The provisions of this Chapter apply to all buildings, structures, or land owned, operated or controlled by any person, corporation, or to the extent permitted by law, governmental agency.
4. In the event that any provision of this Chapter conflicts with *LAMC Chapter 5, Article 7 (Fire Code)*, then *LAMC Chapter 5, Article 7 (Fire Code)* shall prevail.

C. Certificate Of Occupancy

No vacant land shall be occupied or used, except for agricultural uses, and no building erected or structurally altered shall be occupied or used, until a certificate of occupancy shall have been issued by the Department of Building and Safety.

1. Certificate of Occupancy for a Building

- a. A certificate of occupancy for a new building or structure, addition, renovation, or alteration of an existing building shall be applied for coincident with the application for a building permit. The certificate of occupancy shall be issued after the request for it has been made in writing to the Department of Building and Safety after the erection, enlargement or alteration of the building or part of the building has been completed in conformity with the provisions of these regulations. Pending the issuance of a regular certificate, a temporary certificate of occupancy may be issued by the Superintendent of Building for a period not to exceed six months, during the completion of alterations or

during partial occupancy of a building pending its completion. Such temporary certificate shall not be construed as in any way altering the respective rights, duties, or obligations of the owners or of the City relating to the use or occupancy of the premises or any other matter covered by this Chapter, and such temporary certificate shall not be issued except under such restrictions and provisions as will adequately insure the safety of the occupants.

- b. No excavation for any building shall be started before application has been made for a certificate of occupancy.

2. **Certificate of Occupancy for Off-Site Parking, Alleys, Loading Zones, & Residential Planned Developments**

- a. Whenever the automobile parking spaces which are required for a building by the provisions of this Chapter, are provided on a lot other than the one on which the building is located, the certificate of occupancy for said building shall be valid only while such parking spaces are being so maintained and shall bear a notation to that effect. Said certificate shall be kept posted in a conspicuous place in the building. The Superintendent of Building shall keep a record of each lot on which required automobile parking spaces are provided for a building located on another lot, and whenever the Superintendent of Building finds that such automobile parking spaces are no longer so maintained, the Superintendent of Building shall notify the persons having custody of the building of that fact. If at any time such automobile parking spaces are not being maintained, the certificate of occupancy shall automatically be canceled and said building shall not thereafter be occupied or used until the required automobile parking spaces are again provided and a new certificate is issued.
- b. Whenever a lot abutting a public alley in a Commercial or Commercial-Mixed Use District is developed and used solely for dwelling or apartment house purposes with no more than 20 dwelling units on the lot and no loading space is provided, the certificate of occupancy for any building thereon shall be valid only while all the buildings on said lot are maintained for said use and the certificate shall bear a notation to that effect. If at any time any of the buildings on said lot are structurally altered or enlarged, or the use thereof is changed to a hospital, hotel, institution, commercial or industrial purposes, or a dwelling or apartment house so as to exceed 20 dwelling units on the lot, the certificate shall automatically be canceled and none of the buildings on said lot shall thereafter be occupied or used until the required loading space is provided and a new certificate is issued.
- c. Wherever authority is granted to permit the sale of a lot in a residential planned development contingent upon the possession of an interest in common areas and facilities which are appurtenant to said lot, the Certificate of Occupancy for buildings on said lot shall be valid only while said interest is held by the owner. Said interest may be through shares of stock or voting membership in an owners association.

3. Certificate of Occupancy for Land

A certificate of occupancy for the use of vacant land or a change in the character of the use of land, including the construction of tennis or paddle tennis courts, as herein provided, shall be applied for before any such land shall be occupied or used for any purpose except that of tilling the soil and the growing therein of farm, garden or orchard products; and a certificate of occupancy shall be issued after the application has been made, provided such use is in conformity with the provisions of this Chapter.

4. Certificate of Occupancy - Contents - Filing Fee

The certificate of occupancy shall state that the building or proposed use of a building or land conforms to the provisions of this Chapter. A record of all certificates shall be kept on file in the office of the Superintendent of Building, and copies shall be furnished, on request, to any person having a proprietary or tenancy interest in the building or land affected. A fee shall be charged for each original certificate of occupancy as established in *LAMC Chapter 9 (Building Regulations)*.

5. Plats

All applications for a certificate of occupancy shall be made on a form to be furnished by the Superintendent of Building, and shall contain accurate information and dimensions as to the size and location of the lot, the size and location of the buildings or structures on the lot, the dimensions of all yards and open spaces, and such other information as may be necessary to provide for the enforcement of these regulations. Where complete and accurate information is not readily available from existing records, the Superintendent of Building may require the applicant to furnish a survey of the lot prepared by a licensed surveyor. The applications and plats shall be kept in the office of the Superintendent of Building, and the duplicate copy shall be kept at the building at all times during construction.

6. Recorded Agreements

Whenever a recorded agreement(s) is required as part of the approval of a project as a prerequisite to the issuance of the required building permit or certificate of occupancy, the owner(s) of said lot(s) shall record an agreement in the Office of the County Recorder of Los Angeles County, California, as a covenant running with the land for the benefit of the City of Los Angeles, providing that such owner or owners shall continue to maintain conformance with such agreement(s) so long as the building or use they are intended to serve is maintained.

DIV. 1.4. **ZONING CODE MAPS**

SEC. 1.4.1. **GENERAL**

A. **Purpose**

The land use and development regulations outlined in this Chapter provide responsive zoning solutions to many planning policy objectives. Typically, these provisions apply in a geographically-specific manner through mapped zoning districts, Specific Plans, supplemental districts, special districts, and other types of land designations. This collection of public right-of-way and parcel-specific maps is referred to as the Zoning Code Maps. Zoning Code Maps enable the City to effectively coordinate the application of regulations by establishing zoning districts, Specific Plans, supplemental districts, or other land designations through which geographic planning objectives can be addressed and further enhance the regulatory tools provided by this Chapter.

B. **Maintenance and Access**

1. **Adoption and Maintenance of Zoning Code Maps**

Zoning Code Maps shall be created pursuant to *Sec. 13B.1.3. (Zoning Code Amendment)* and amended as established for each Zoning Code Map.

a. **Zoning Code Maps**

The maps established in this Division, maintained by the Los Angeles Department of City Planning, published as layers of digital files that are part of its Geographic Information Systems database, shall:

- i. Delineate the boundaries of the various zoning districts, Specific Plans, supplemental districts, special districts, and other types of land designations through which regulations in this Chapter are made applicable.
- ii. Include all matters, notations, and representations.
- iii. Be adopted and approved, incorporated herein and made a part hereof, and collectively constitute the official Zoning Code Maps.

b. **Record of Changes**

All changes to Zoning Code Maps shall be made by updating the digital file for each change with the date of the change. All amendments to official Zoning Code Maps shall be maintained by the Department, and made available to the public. Zoning Code Maps shall be marked pursuant to a system of identification established by City Planning.

c. **Scale of Map**

Zoning Code Maps shall be maintained in the City's adopted datum, maintained by the Department of Public Works, Bureau of Engineering. Where a boundary is not a street, alley or lot line, or where property indicated on the Zoning Code Map is not subdivided

into lots and blocks, the boundary on the Zoning Code Map is determined by the scale and projection contained on the map and any meta-data included as part of the Geographic Information Systems database file.

d. Land Base Dataset

The Department of Public Works, Bureau of Engineering is responsible for reviewing identifying, and updating the City's public and private land records, and establishes and maintains the City's land base dataset used by City Planning. City Planning shall make the necessary adjustment to the Zoning Code Maps as updates to the land base dataset are issued.

e. Annexations

If the City's jurisdiction is amended, changes in the Zoning Code Map shall be identified by updating the Geographic Information Systems database file with the date of the change.

2. Accessing Zoning Code Maps

Zoning Code Maps can be accessed electronically through City Planning's Zoning Information and Map Access System (ZIMAS), or on the Zoning Code Maps in the Department's Map Gallery on the Department website. Hard copies of Zoning Code Maps can be made available by visiting one of City Planning's Development Services Centers and making a reproduction request with payment of any applicable fees.

SEC. 1.4.2. ZONING MAP

A. APPLICABILITY

1. Zoning Districts

In order to regulate the use and development of property, as provided for in this Chapter, land is designated with the following districts for zoning purposes. The zone of a lot is separated into two or more bracket sets [] in order to reinforce the separation of the built environment from the types of activities as two distinct and interchangeable permissions on a lot. The first bracket set contains the zoning districts that determine the built environment, and the second bracket set contains the zoning districts that determine the types of activities on a lot. Although the zoning districts may refer or have standards that are tied to other districts, each is independent and are combined in response to the variety of planning needs found throughout the City.

[Form – Frontage – Standards] [Use – Density]

- a. Form Districts are outlined in *Article 2*.
- b. Frontage Districts are outlined in *Article 3*.
- c. Development Standards Districts are outlined in *Article 4*.

- d. Use Districts are outlined in *Article 5*.
- e. Density Districts are outlined in *Article 6*.

2. Alternate Typologies

The zoning districts established in this Chapter recognize that, in general, the physical form of development need not be determined by its use. There are certain cases, however, in which the physical form that development takes is directly tied to a specific use or activity. In those cases, *Article 7 (Alternate Typologies)* outlines a series of regulatory solutions that overrides specific regulations otherwise addressed by zoning districts applied to a lot. Each Alternate Typology establishes eligibility parameters for each option, and what metrics it supersedes from the applicable zoning districts.

3. Specific Plans & Supplemental Districts

In addition to the provisions of *Sec. 1.4.2.A.1. (Zoning Districts)* above, additional regulations may be applied as outlined in *Div. 8.1. (Specific Plans)* and *Div. 8.2. (Supplemental Districts)*. These are represented in a third bracket set of the zoning using the acronym "SP" for Specific Plans or the acronyms established for the respective supplemental district. The third bracket set may include multiple Specific Plans or supplemental districts separated by a hyphen (-).

4. Special Districts

- a. In order to achieve Specific Planning objectives in designated areas having unique characteristics, special districts may replace the zoning in *Sec. 1.4.2.A.1. (Zoning Districts)* and supplemental districts in *Sec. 1.4.2.A.3. (Specific Plans & Supplemental Districts)* established above. Special districts respond to unique conditions and stipulate land use and development requirements or incentives tailored to distinctive qualities that may not lend themselves to the regulations established in this Chapter, except as outlined within each special district.
- b. The special districts outlined *Div. 8.3. (Special Districts)* shall serve as the designated zone, in lieu of zoning districts, Specific Plans, and supplemental districts, where applied.

5. Zoning of Annexed or Unzoned Land

- a. All land or territory annexed to the City after the effective date of this Chapter is automatically classified [HV3-DF1-1][RL1-1L] unless the City Council specifically determines otherwise.
- b. The City Council may establish specific zoning by ordinance for land or territory to be annexed. The zoning ordinance may be adopted concurrently with the annexation. Unless the specific zoning is established by ordinance, the Zoning Map shall be amended to indicate the land or territory annexed as [HV3-DF1-1][RL1-1L] without additional proceedings.

- c. Any land or territory in the City not indicated on the Zoning Map as being in any zone will be construed as being classified in the most restrictive zone that exists on an adjacent lot on the same side of the street, or a lot on the opposite side of the street or highway of the subject land or territory, and the Zoning Map shall be amended to indicate that zone without additional proceedings.

B. BOUNDARIES

1. Street, Alley or Lot Lines

Zone boundaries occur at street, alley, or lot lines unless otherwise shown on the Zoning Map, using the land base dataset, and where the indicated boundaries on the Zoning Map are approximately a street, alley or lot line, the street, alley or lot line are the boundaries of the zone.

2. Street or Right-of-Way

- a. A street, alley, railroad or railway right-of-way, watercourse, channel, or body of water included on the Zoning Map shall, unless otherwise indicated, be included within the zone boundaries of the adjoining property on either side of the street, alley, railroad or railway right-of-way, watercourse, channel or body of water.
- b. Where the street, alley, right-of-way, watercourse, channel, or body of water serves as a boundary between two or more different zones, a line midway in the street, alley, right-of-way, watercourse, channel, or body of water, and extending in the general direction of its long dimension is the boundary between zones.

3. Vacated Street or Alley

- a. In the event a dedicated street or alley shown on the Zoning Map is vacated, the property formerly in the street or alley shall be included within the zone of the adjoining property on either side of the vacated street or alley.
- b. In the event the street or alley was a zone boundary between two or more different zones, the new zone boundary is the former centerline of the vacated street or alley.

C. AMENDMENTS

1. Zone Changes

a. Process

At the direction of City Council, pursuant to *Sec. 13B.1.4. (Zone Change)*, the Director of Planning is authorized to revise the Zoning Map. At the direction of City Council for the adoption of a Specific Plan, pursuant to *Sec. 13B.1.2. (Specific Plan Adoption/Amendment)*, the Director of Planning is authorized to revise the Zoning Map. No unauthorized person may alter or modify the Zoning Map.

2. **Zone Boundary Adjustments**

a. **Process**

Whenever public necessity, convenience, general welfare or good zoning practice justifies the action, the Director of Planning may approve, conditionally approve, or deny a zone boundary adjustment, pursuant to *Sec. 13B.5.2. (Adjustment)*, and make minor adjustments to the location of a zone boundary to carry out the intent of this Section when:

- i. Property as shown on the Zoning Map has been divided or approved for division into parcels or lots and blocks by a final parcel or tract map, and the parcel or lot and block arrangement does not conform to that anticipated when the zone boundaries were established;
- ii. Property was redivided or approved for subdivision by a final parcel or tract map action into a different arrangement of lots and blocks than indicated on the Zoning Map; or
- iii. Where uncertainty exists in applying the provisions of this Subdivision or where revision is necessary to correct dimensional or mapping errors, the Director of Planning may determine the location of the zone boundary.

b. **Limitation**

Zone boundary adjustments permitted pursuant to this Subdivision are limited to a distance of no more than 50 feet. When the adjustment is requested prior to recordation, the Director of Planning's decision does not become effective until after the parcel map or final tract map has been recorded with the Office of the County Recorder.

c. **Dedications**

The Director of Planning may require that the abutting streets, alleys, or highways be dedicated and improved in conformance with the standards for improvement of streets, alleys, and highways, if it is determined that traffic on the abutting streets, alleys or highways will be increased or impeded as a result of the zone boundary adjustment. An offer to dedicate or filing of a bond in conformance with *Sec. 10.1.4. (Dedication Procedure)* and *Sec. 10.1.5. (Improvement Procedure)* may be construed as compliance with these requirements.

d. **Zoning Map**

The Zoning Map shall conform with the Director of Planning's decision after the conditions are imposed, if any.

SEC. 1.4.3. PRIMARY STREET MAP

A. APPLICABILITY

Each lot shall have at least one primary street lot line based on a set of criteria established in *Section 14A.1.12.B. (Primary Street Lot Line)*. However, a side street lot line may be re-designated into a primary street lot line when the adjacent right-of-way has been established as a primary street on the Primary Street Map.

B. BOUNDARIES

The Primary Street Map is composed of street segments made up of a line midway in the street, alley, railroad or railway right-of-way, watercourse, channel, or body of water, and extending in the general direction of its longest dimension between each intersection of each midway in the street, alley, railroad or railway right-of-way, watercourse, channel, or body of water.

C. AMENDMENTS

At the direction of City Council pursuant to *Sec. 13B.1.3. (Zoning Code Amendment)*, the Director of Planning is authorized to revise the Primary Street Map. No unauthorized person may alter or modify the Primary Street Map.

SEC. 1.4.4. LOCAL AFFORDABLE HOUSING INCENTIVE MAP

A. Applicability

The Local Affordable Housing Incentive Map identifies lots that are eligible to participate in the affordable housing incentive program established in *Sec. 9.3.2. (Local Affordable Housing Incentive Program)*, as well as which Local Incentive Program Set the individual lots are required to utilize.

B. Boundaries

Any lot designated, using the Bureau of Engineering land base dataset, with one of the Local Incentive Program Sets established in *Sec. 9.3.2. (Local Affordable Housing Incentive Program)* as shown in the Local Affordable Housing Incentive Map.

C. Amendments

At the direction of City Council, pursuant to *Sec. 13B.1.3. (Zoning Code Amendment)*, the Director of Planning is authorized to revise the Local Affordable Housing Incentive Map. No unauthorized person may alter or modify the Local Affordable Housing Incentive Map.

SEC. 1.4.5. TARGETED PLANTING AREAS MAP

A. APPLICABILITY

Lots identified as being within an identified planting area, as established in *Sec. 1.4.5.B. (Boundaries)*, on the Targeted Planting Areas Map shall comply with the corresponding planting requirements in a separate regulatory document named "Department of City Planning - Targeted

Planting Areas Guide" (Planting Guide) as established and amended by the City Planning Commission pursuant to *Sec. 13.B.1.5. (Policy Action)*.

B. BOUNDARIES

Any land designated, using the Bureau of Engineering land base dataset, as any of the following planting area designations in the Planting Area Map.

1. River Planting Area

Plants in these areas, and outlined in this category in the Planting Guide, shall be limited to:

- a.** Native plants that occur naturally in a given geographic area, which can be trees, flowers, grasses, or any other plants, included in the California Native Plant Library.
- b.** Species included in the Watershed Wise Plant List published by the Council for Watershed Health.
- c.** Species included in the Los Angeles County River Master Plan's Landscaping Guidelines and plant palettes comprised primarily of native plants suitable for a riparian habitat.

2. Filtration Planting Area

Trees planted in these areas, and outlined in this category in the Planting Guide, shall be low in water use, low in biogenic emissions, high in carbon and particulate matter filtration qualities and retain foliage for more than six months of the year.

C. AMENDMENTS

At the direction of City Council pursuant to *Sec. 13B.1.3. (Zoning Code Amendment)*, the Director of Planning is authorized to revise the Targeted Planting Areas Map. No unauthorized person may alter or modify the Targeted Planting Areas Map.

SEC. 14.7. COASTAL ZONE MAP

A. APPLICABILITY

The Coastal Zone Map is the land and water area boundaries established by the State Legislature as defined in the Coastal Zone definition in *California Public Resources Code, Division 20 (California Coastal Act), Section 30103*. This map is intended to facilitate the implementation of the applicable provisions of the California Coastal Act.

B. BOUNDARIES

1. Coastal Zone

The Coastal Zone shall mean land and water area within the City specified on maps prepared by the California Coastal Commission pursuant to *California Public Resources Code Sec. 30103, 30103.5, and 30166*, copies of which are on file with the Department of City Planning and the Office of City Engineer. Such Coastal Zone extends seaward to the City's outer limit of jurisdiction, and generally extends inland 1000 yards from the mean high tide line of the sea. In significant coastal estuarine, habitat and recreational areas it extends inland to the first major ridgeline paralleling the sea or five miles from the mean high tide line of the sea, whichever is less, and in developed urban areas the zone extends inland 1000 yards.

2. Calvo Exclusion Area

The Calvo Exclusion Area shall mean land within the City as specified on maps prepared by the California Coastal Commission, copies of which are on file with the Department of City Planning.

C. AMENDMENTS

This map is intended to reflect the most current Coastal Zone and Calvo Exclusion Area boundaries provided by the California Coastal Commission in order to implement the applicable provisions of *California Public Resources Code, Division 20 (California Coastal Act)*. DIV. 1.5. **EMERGENCY PROVISIONS**

SEC. 1.5.1. **LOCAL EMERGENCY TEMPORARY REGULATIONS**

A. **Declaration of Purpose**

It is the purpose and objective of this Division to establish reasonable and uniform regulations to protect the public welfare and to provide a streamlined method for consideration of applications for temporary use approvals and other land use approvals in an emergency, such as fire, storm, severe earthquake, civil disturbance, or other disaster declared by the Governor.

B. **Long-Term Temporary Uses**

1. **Authority of the Zoning Administrator**

- a. Regardless of any other provision of this Chapter to the contrary, the Zoning Administrator has the authority to approve the use of a lot in any zone for the temporary use of property which will aid in the immediate restoration of an area adversely impacted by a severe fire, storm, earthquake, similar natural disaster, or a civil or military disturbance, and declared by the Governor as an emergency area if the Zoning Administrator finds:
 - i. That the nature and short duration of the proposed temporary use assures that the proposed use will not be materially detrimental to the character of development in the immediate neighborhood;
 - ii. That the proposed use will not adversely affect the implementation of the General Plan or any applicable Specific Plan; and
 - iii. That the proposed use will contribute in a positive fashion to the reconstruction and recovery of areas adversely impacted during the emergency.
- b. In making a determination pursuant to this Section, the Zoning Administrator shall balance the public interest and benefit to be derived from the proposed temporary use against the degree, significance of, and temporary nature of the inconvenience to be caused in the area where the temporary use is located. The Zoning Administrator may promulgate regulations and guidelines as are necessary and proper to administer the provisions of this Division.

2. **Conditions of Approval**

- a. In approving the location of any temporary use, the Zoning Administrator may impose conditions as the Zoning Administrator deems necessary to protect the peaceful and quiet enjoyment of nearby properties. The Zoning Administrator will also require the posting of a completion bond, or other guarantee satisfactory to the Zoning Administrator, to cover the cost of the removal of any improvements made to a site or cleaning of the site after termination of the temporary authorized use.

- b. Furthermore, the Zoning Administrator will require termination of the temporary use within one year from the date of the approval of the temporary use, the removal of all temporary improvements on the site, and the restoration of the site to a permitted use within a reasonable period of time determined by the Zoning Administrator. Approval of any application for a temporary use does not result in any vested or nonconforming rights to carry on the temporary use after the term authorized.
- c. The automobile parking design and improvement provisions of *Sec. 4C.4.3. (Parking Area Design)* and *Sec. 4C.4.4. (Parking Lot Design)* and the yard requirements of this Chapter do not apply to temporary permits for public parking in the Residential Use Districts. However, in approving permits, the Zoning Administrator may impose those conditions as the Zoning Administrator deems necessary to protect the peaceful and quiet enjoyment of the subject and nearby properties.

3. Revocation

- a. The Zoning Administrator may suspend or revoke any temporary use approval, if the Zoning Administrator determines that the temporary use bears no significant relation to the reconstruction and recovery of areas adversely impacted by the emergency, or that the conditions imposed on any temporary use approval have not been complied with, or that an unreasonable level of interference with the peaceful enjoyment of neighboring properties is created by the conduct of any authorized activity.
- b. Prior to the revocation of a temporary use approval, the Zoning Administrator shall give written notice to the record owner or lessee to appear within 5 days, or less if justified by a threat to public health and safety, at a time and place fixed by the Zoning Administrator and show cause why the temporary use approval should not be revoked or why further conditions should not be imposed.
- c. A determination of the Zoning Administrator pursuant to this Subsection may be appealed to the Area Planning Commission on a form prescribed by the Department of City Planning in accordance with the procedures described in this Section.

4. Other Permits and Licenses

This Division does not, except as stated here, modify or affect in any way the duty of any applicant to obtain any other permit or license which may be required under any other provision of this Chapter or State law.

5. Application

- a. An application to allow any temporary use referred to in this Division shall be filed with the Department of City Planning upon forms and accompanied by data as the Department of City Planning may require.

- b. The application may be filed by an owner or a lessee and shall be verified by the applicant attesting to the truth and correctness of all facts and information presented with, or contained in the application and shall also be signed by the owner of record of any site where the proposed temporary use will be located.
- c. A copy of any application so filed shall be transmitted by the Department of City Planning to the Council Member of the district in which the proposed use would be located and to the Department of Transportation for their information.

6. **Notice and Hearing**

- a. Upon the filing of a verified application, the Zoning Administrator shall set the matter for public hearing. Notice of the time, place, and purpose of the hearing shall be given by mailing a written notice at least 14 days prior to the date of the hearing to the applicant, to the owner of the subject property, to adjoining and abutting property owners, and to property owners directly across the street or alley from the subject property. For this notice, the following shall be used: the last known name and address of the property owners as shown upon the records of the City Engineer or the records of the County Assessor.
- b. An application for a temporary use shall be set for public hearing unless the Zoning Administrator makes written findings, attached to the file involved, that the requested temporary use:
 - i. Will not have a significant effect on adjoining properties or on the immediate neighborhood; or
 - ii. Is not likely to evoke public controversy.

7. **Time Limit**

The Zoning Administrator shall make a determination within 30 days from the filing of a verified application. This time limit may be extended by mutual written consent of the applicant and Zoning Administrator.

8. **Fee**

An application for an approval pursuant to this Section does not require any filing fee.

9. **Decisions by the Zoning Administrator**

Decisions by the Zoning Administrator shall be supported by written findings of fact based upon written or oral statements and documents presented to the Zoning Administrator, which may include photographs, maps and plans, together with the results of the Zoning Administrator's investigations. Upon making a decision, the Zoning Administrator shall mail a copy of the written findings and decisions to the applicant, and to the other persons who were required to be notified under *Sec. 1.5.1.B.6. (Notice and Hearing)*.

10. Decision Effective and Appeal

The decision of the Zoning Administrator is final, unless appealed, after an elapsed period of 10 days from the date of mailing a copy of the written findings and decision to the applicant. During this period, any person aggrieved by the decision may file a written appeal to the Area Planning Commission. The appeals shall set forth specifically the points at issue, the reasons for the appeal, and how the appellant believes there was an error or abuse of discretion by the Zoning Administrator. No fee will be charged for this appeal.

11. Failure to Act

If the Zoning Administrator fails to make a decision on a temporary land use application within the time limit specified in *Sec. 1.5.1.B.7. (Time Limit)*, then the applicant may file a request in the Office of Zoning Administration for a transfer of jurisdiction to the Area Planning Commission and for a decision by the Area Planning Commission on the original application. In that case, the Zoning Administrator will lose jurisdiction and the Area Planning Commission shall assume jurisdiction, provided, however, that the matter may be remanded to the Zoning Administrator or the Area Planning Commission may accept the applicant's request for withdrawal of the transfer of jurisdiction. In either case, the Zoning Administrator will regain jurisdiction for the time and purpose specified by the Area Planning Commission.

12. Transfer of Jurisdiction

When considering any matter transferred to its jurisdiction pursuant to *Sec. 1.5.1.C. (Special Provisions for Other Proceedings)* because of the failure of the Zoning Administrator to act, the Area Planning Commission shall make its decision within 30 days after the request to transfer jurisdiction is filed. All decisions become final on the date of mailing a copy of the Area Planning Commission's decision to the applicant.

13. Record on Appeal

Within five days of receipt of the filing of an appeal, the case file of the Zoning Administrator appealed, and the appeal shall be delivered to the Area Planning Commission. At any time prior to the action by the Area Planning Commission on the appeal, the Zoning Administrator may submit supplementary pertinent information as the Zoning Administrator deems necessary or as may be requested by the Area Planning Commission.

14. Appeal Hearing Date-Notice

Upon receipt of the appeal, the matter shall be set for an Area Planning Commission hearing and notice shall be given by mail of the time, place and purpose of the hearing to the appellant, to the applicant, to the owner or owners of the property involved, to the Zoning Administrator and to any other interested party who has requested in writing to be so notified. This notice shall be in writing and mailed at least five days prior to the hearing.

15. Appeal Hearing Date-Continuance

Upon the date set for the hearing, the Area Planning Commission will hear the appeal, unless, for cause, the Area Planning Commission shall on that date continue the matter. No notice of continuance need be given if the order to continue is announced at the time for which the hearing was set.

16. Area Planning Commission Decision

- a. When considering an appeal from an action by the Zoning Administrator, the Area Planning Commission shall make its decision within 15 days (in the case of a revocation, within 10 days) after the expiration of the appeal period, or within an extended period of time as may be mutually agreed upon in writing by the applicant and the Area Planning Commission. The Area Planning Commission shall base its decision only upon:
 - i. Evidence introduced at the hearing, or hearings, if any, before the Zoning Administrator, on the issue;
 - ii. The record, findings and determination of the Zoning Administrator; and
 - iii. The consideration of arguments, if any, presented to the Area Planning Commission orally or in writing.
- b. If an applicant or aggrieved person wishes to offer into the proceedings any new evidence in connection with the matter, a written summary of that evidence, together with a statement as to why that evidence could not reasonably have been presented to the Zoning Administrator shall be filed with the Area Planning Commission prior to the hearing. If the Area Planning Commission fails to act on any appeal within the time limit specified in the Subsection, the determination of the Zoning Administrator is final.
- c. The Area Planning Commission may modify or reverse the ruling, decision or determination appealed from only upon making findings indicating how the action of the Zoning Administrator was in error or constituted an abuse of discretion and shall make specific findings supporting any modification or reversal. The decision of the Area Planning Commission is final as of the date of its determination on the matter. After making a decision, a copy of the findings and determination shall be placed on file in the Department of City Planning and a copy of the determination shall be furnished to the applicant, the appellant, and the Department of Building and Safety.

C. Special Provisions For Other Proceedings

1. Regardless of any provision of this Chapter or any other ordinance to the contrary, with respect to those uses, buildings and sites destroyed or damaged in connection with a declared emergency, and in the area covered by the declaration of emergency, the following exceptions apply:

Provided, however, that repair or reconstruction shall be commenced within two years of the date of damage or destruction and completed within 2 years of obtaining a permit

 - ii. The cost of repair would exceed 50% of the replacement cost of the building or structure, not including the value of the foundation system, as determined by the Department of Building and Safety.
 - d. Nothing here will be interpreted as authorizing the continuation of a nonconforming use beyond the time limits set forth in *Article 12. (Nonconformities)* that were applicable to the site prior to the events which necessitated the declaration of the emergency.
 - e. If issues of interpretation relating to the above provisions arise, the Zoning Administrator is hereby authorized to resolve those issues in light of the scope and purposes of this Subsection.

 - iii. That the development cannot feasibly be designed to meet the requisite disabled access standards without the deviations.
- b. Prior to acting on an application for a deviation, the Zoning Administrator shall give notice to all adjoining property owners and hold a public hearing.
